(a) Octroi The Council expect to realise Rs 15000 as against Rs 10000 sanctioned in the budget for 43-44 on the ground that toll gate establish

W
 Establishment will be increased by 2 additional peons. Similarly the provision of Rs 14000 was made last year which was reduced by Government to Rs 10000. The proposal of the council was to appoint a Toll Inspector on Rs 20/- per month from 1/7/44 instead of the monthly allowance of Rs 10/- now paid to the Octroi Inspector for supervision of Tollgates. The employment of an additional hand only increases the expenditure and has not got the advantage of the Octroi articles being subject to scrutiny at the Tollgates if the octroi Inspector is diverted of this work and separate Toll establishment is entertained. It is therefore ~~necessary~~ ^{necessary} that the present system may continue and the normal receipts for 44-45 be put down at Rs 15000 ~~xxxxxx~~ as proposed.

A2 Taxes on buildings The estimate of Rs 14000 is as in previous year and against Rs 13591 actually in 42-3. It is accepted.

A3 Tax On Vehicles and Animals The estimate is Rs 2000/- against the same figure in previous year and Rs 1500 collected upto the end of March 1944. The estimate is retained at Rs 2000/-.

A4 Tax on professions and Trades The income statement is normal and Rs 1200 is retained.

A5 Tolls The provision for 43-44 was Rs 4000/- The sum actually realised was Rs 427 in 42-3 and during this year owing to increased population on account of Aerodrome the estimate may be more and Rs 5000/- proposed is retained.

6 Water tax The receipts anticipated amount to Rs 3000/- as against the same in the previous year and the revised estimate of Rs 2500/- This provision is retained.

Lighting Tax, Conservancy Cess The estimates present no special feature and are normal being Rs 3500/- and 2200 as in previous year. They are retained.

Private Water Tax A sum of Rs 5000/- is anticipated as against 4500/- the revised estimate. It is explained that more house connections are proposed and hence Rs 5000/- may be expected. It is retained. Loss of Vehicle tax is compensated by Government for motors plying for hire. The expected income under this head is Rs 250/- as against Rs 250/- in the previous year. Similarly the income under Amusement tax is Rs 150/- Both these figures are retained.

5

C Sale of lands The council have anticipated Rs 20000/- as they expect to form a new extension by the side of the Railway station for which acquisition proceedings are ahead. There is great demand for sites owing to increased population of the Aerodrome. Some lands near the District Hospital and the water works have to be acquired. The provision made for acquisition on the expenditure side is Rs 10000/- and the formation of an extension was discussed at the time of the visit of the Dewan in May 1944. As the extension is urgently to be laid, the anticipated income is probable Rs 20000/- is retained.

D Grants and contributions A sum of Rs 10000/- is expected as Government grant for drainage works and Rs 5000/- for water supply. The proposal for drainage grant has been recommended to Government already and the grant may be expected. The receipt of Rs 10000/- will be retained. As regards Rs 5000 under the water supply grant, the same is retained.

E Refunds and recoveries The council expect to realise Rs 2000/- as court decretal amounts as 60 decrees are pending execution and some 25 suits are to be filed. This income is reasonable and ~~may be~~ retained.

F Public Debt Against Rs 1000 in the previous year, the anticipated income under deposits and advances is Rs 2500 for this year. The actuals were Rs 2971/- in 42-43. The figures proposed is accepted.

G Education Cess The receipts anticipated amount to Rs 1600/- as against the same in the previous year. It is retained.

There are no abnormal variations in the other heads of income and with the fixing of the income figures under (1) Octroi (2) Sale of land (3) Government grants under Drainage and water supply works, the total amount of receipts viz, Rs 97721 for 41-45 is adopted.

H Expenditure The total expenditure proposed is Rs 95537 as against Rs 60004/- in the previous year under the heads detailed.

(A) The President in his explanatory report reports that the new extensions, the T.R. and the Railway stations have no ripe connections and as they have to be given connection, a Government grant of Rs 5000 may be recommended as requested by the Municipal Council. As provision to Rs 5000/- from the Municipal funds is made on the expenditure side, the anticipated receipt may be retained.

A2 Salary of the establishment Increased provision has been made under this head for an additional clerk on Rs 25-1-40 per month. The existing clerical establishment consists of one Head clerk on Rs 40-2-50, one on Rs 20-1-40 and one clerk on Rs 20-1-25. As four clerks are allowed to a first class Municipality with an income of Rs 50000/- and over per year, this Municipality may have four clerks. It is stated by Government that the last grade among clerks in the Municipality may be raised to Rs 25-1-40 instead of 20-1-25 as at present. The provision for the extra clerk and the revision of the last clerk's pay to Rs 25-1-40 from 20-1-25 ~~xxxxx~~ may be allowed though the council want the last clerk's pay to be retained at Rs 20-1-25. The following revision of scales have been recommended to Government from this office and provision has been made for each increased scale in the budget framed by the Municipal Council.

- 1) Two Octroi peons on Rs 10/- each (Extra cost)
- 2) One Octroi Mutsaddi pay to be raised to Rs 20-1-25 from Rs 15/-
- 3) 3 Bill collectors on Rs 20-1-25 per month instead of Rs 12-1-15
- 4) One Gang mistry Rs 15/- from Rs 12/-
- 5) Two watchmen for burial grounds from Rs 6/- to Rs 8/- per month

The extra provision made for these five items are therefore retained.

Besides these, the revision of the scales of the following appointments or fresh appointments are proposed by the Municipal Council.

- 1) Revenue Inspector on Rs 35+10 to be raised to Rs 40+10
- 2) Pound Keeper on Rs 12-1-15 to be raised to Rs 15-1-20
- 3) Four additional scavengers on Rs 10/- each
- 5) Pme Toll Inspector on Rs 20/- per month
- 5) The existing toll watchmen to be raised from 10 to 12 involving an extra expenditure of Rs 116-^{nearly 88} i.e., Rs 28/- per month exclusive of Dearness allowance. The provision for the last three items marked A may be retained. As regards the toll establishment, which is to be created afresh, the extra cost involved is Rs 756/- worked out as follows.

One Inspector 20 + 5 D A = 300/-
 2 Additional watchmen at Rs 23/- per month = 336
 D A to 2 additional watchmen 10 = 120 /
 Total 756/-

The provision of Rs 2502 made under 12(3) Toll will be reduced by Rs 700 making the figure Rs 1770/-

B Public Safety (1) Fire Protection A sum of Rs 200/- is provided for this year. No amount was spent for the past two years under this head. This provision is ~~not~~ however retained.

2) Lighting charges The amount provided is Rs 6000/- as against Rs 5000/- in the previous year. As some of the street lights cut down during last year are likely to be restored, the provision made is retained.

C Public works carried by Public Works Department

Drainage scheme The provision of Rs 10000/- is necessary for the second stage, as estimates are now pending sanction of Government. It is retained.

Water Supply The annual recurring charges for the maintenance of Polar water works has to be met entirely by the Municipality. As it is proposed to improve the water supply system to Kelainapet etc, the Council have resolved to earmark 5000/- for the purpose and are expecting a Government grant of Rs 5000/- the item is provisionally retained.

D Public works by Civil Department The provision made is Rs 5000/- as against Rs 3000/- in the previous year under original works. It is reduced to Rs 2000/- A sum of Rs 10000/- is provided under compensation for acquisition of lands for extension. ~~2000 is reduced to Rs 5000/-~~

A provision of Rs 1700 has been made for Bus stand shelter. The estimate is for about Rs 9000/- which is pending in the Municipality. For the current year the provision is not sufficient. It is retained.

D 2 Conservancy and sanitation Additional provision for 4 scavenger and 8 ganger (temporary) has been made in view of additional work on account of the old extensions. As these establishments are necessary the provision of 10716 and 1380 made under conservancy and temporary establishment may be retained. The usual expenditure is provided under other heads on Sanitation, plague and cholera charges. Medical relief including vaccination and medical grants.

Under 5 maintenance of public gardens, a sum of Rs 500/- is provided for repairs of Padio. It is allowed.

9 Water supply and maintenance charges The sum earmarked is

is 10000/- as against the provision of Rs 340/- xx for the last year. The annual maintenance charges are about Rs 14000/- per year and the provision made is inadequate. It is not explained why this short provision is made, though it looks that the amount of Rs 5000/- provided under 'Public works' carried out by Public Works Department 'water supply' may be available in the event of that amount not being spent for erection of a separate tank to improve the water supply to Kelagiripet etc. This is retained.

The council propose an expenditure of Rs 5537/- for the year as against the total anticipated receipts of Rs 8970/- which included a Government grant of Rs 15000/- leaving closing balance of Rs 3133/-. The financial position is not satisfactory as the statutory minimum balance of 25% of the normal receipts has to be kept up. It is about Rs 12500/- taking the normal receipts at Rs 50000/-.

As regards the sale realisation, the amount expected by the Council is Rs 20000/- will have to be accepted in order to make provision for the municipal quota of Rs 10000/- for Drainage work. The sum of Rs 5000/- proposed under Public Works by Civil Agency under expenditure may be reduced by Rs 5000/- and the amount of Rs 10000/- earmarked for compensation to acquire lands reduced to Rs 5000/-. The total amount of Rs 8000/- thus released and Rs 2000/- from the proposed closing balance leaving Rs 10000/- will be available to spend Rs 20000/- under Drainage works during the year.

The financial position would result as follows

Opening balance	1249	
Receipts		
Normal	58621	97721
Special	39100	
Total		93370 ✓
Expenditure		
Normal	57601	94781
Special	37180	
Bf		4151 ✓ secured Rs 2000/-

provided from the closing balance for the drainage scheme. The net closing balance is Rs 2131 which is far below the minimum. The President should take prompt action to recover all the outstanding arrears and improve the position during the year. As the annual expenditure is within the normal income and drainage and improvement works are necessary the budgets as proposed now may be approved.

Part 1

Receipts -

The aggregated receipts for the year 1944-45 are estimated at Rs 98970/- including opening balance against Rs 58076 1/2 sanctioned for the year 1943-44. The normal income of the Municipal Council is estimated at Rs 95537 1/2 for 44-45 as against a normal income of Rs 52921/- in the previous year. The aggregated expenditure is estimated at Rs 95537 1/2 as against the sanctioned expenditure of Rs 60004/- in the previous year.

The Council expects a sum of Rs 15000/- under this head as the Council proposed to increase the staff by two persons. The District Inspector will be relieved of his duties as toll supervisor as a separate band will be appointed for supervising the work of toll from 17/4. Hence they expect better collections under Octroi, during the year 44-45.

Taxes on buildings and lands -

The receipts under this item are estimated at Rs 14000/- as against a sanctioned sum of Rs 14000/- as the Council expect the recoveries from civil court in respect of suits filed by the Council.

A sum of Rs 160/- is expected under this item as it is proposed to shift the municipal office (Cotton section) to the municipal building, leased out to hold school. The Government were pleased to sanction a sum of Rs 5000/- for drainage works during the current year and the council have supplemented an equal sum for the said work. The amount of Rs 10,000/- have been paid to Sanitary Engineer Bangalore for taking up the first stage of drainage works in Solar Town.

The extension, and the travellers' bungalow near Railway Station have not been provided with water.
